B.tech'29 | C++ | Python | Frontend (HTML,CSS) | Machine Learning

Ghaziabad, Uttar Pradesh, India

Summary

I am a 2nd-year B.Tech student pursuing Computer Science and Engineering (Data Science), Batch '29, with a strong foundation in C, C++, Data Structures & Algorithms, and Web Development (HTML, CSS, and JavaScript). Currently, I am focused on learning Data Science and Machine Learning, while building my knowledge of statistics, data analysis, machine learning algorithms, and practical projects. From my journey through a CBSE school to clearing JEE Mains and appearing for JEE Advanced, I have always been driven by curiosity, hard work, and a desire to continuously learn and improve. I am passionate about learning new technologies, building projects, and exploring how Machine Learning and Data Science can be used to solve real-world problems.
